

WOBURN ROBOTICS

TEAM 188 SPONSORSHIP DETAILS

About The Team

Woburn Robotics, formally known as Team 188, is a robotics team based in Toronto, ON, Canada. Team 188 prides themselves on being the first Robotics team to be established in Canada, and the largest club within Woburn CI. Team 188 has teams working towards the VEX competition, the "First Robotics Competition", as well as a Community Outreach division keeping the team running smoothly. Our robotics team encourages development in STEM fields such as engineering and programming, as well as building strength in key skills like leadership, communication and critical thinking.

The History of Team 188

- Woburn Robotics was first established in 1998
- Team 188 was the first robotics team in Canada, and has developed into the largest club within Woburn Collegiate Institute.
- Team 188 has had multiple strong placements in all regional, district and international events, with countless fans with us a long the way.
- Team 188 has put in countless hours for competitions in VEX & FRC, with a hardworking Outreach division that helps keep everything run smoothly throughout our tournaments.

Team 188's FIRST Robotics

The final frontier. Team 188's biggest goal for each season is being able to attend the First Robotics Competition's World Championship. Starting in January, the team works diligently for 6 weeks to plan, assemble and program a robot for the First Robotics Competition that spans from January - April. FIRST Robotics promotes building strength within Highschool students in key skills like Leadership, Critical Thinking, Teamwork & forging strong relationships with friends.

Team 188's VEX Robotics

The VEX program is another tournament circuit that Team 188 participates in yearly, and sometimes even hosts VEX events in house at Woburn C.I. The VEX competition operates similar to FRC but on a smaller scale, and encourages those from middle school, all the way to University, to explore Robotics in new and creative ways each year.

TEAM 188 PAVES THE ROAD FOR CHAMPIONS

Awards, Achievements & Accolades

Throughout its nearly 25 year time span, Team 188 has become an extremely decorated and well-awarded team that paves the road for success within future engineers, programmers, entrepreneurs and S.T.E.M enthusiasts.

Some of Team 188's most prestigious awards include,

- 1998 FRC Judges Award [Team 188's First Award]
- 2004 FRC Regional Champions
- 2010 Regional Chairman's Award
- 2014 FRC Regional Champions
